WHO WE ARE

We are a passionate group of engineers and industry experts delivering precision-driven electronic sourcing solutions.

Founded in **2018** and headquartered in Gurugram, Haryana, we have evolved into a trusted partner for global electronic component sourcing.

Our journey began as **JC Eletronica**, where we combined manufacturing and distribution under one roof. As market demands evolved, we strategically refined our focus.

In **2025**, we launched **JC Ecomponents**, a specialized global sourcing division—built for agility, speed, and uncompromised quality in electronic component procurement.

OUR JOURNEY

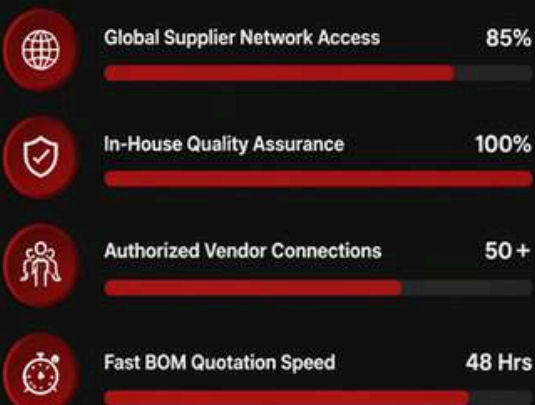

SOURCING WITHOUT COMPROMISE

As a dedicated sourcing entity, we ensure your manufacturing is protected from market volatility.

-  Predictive procurement strategies
-  Strong global manufacturer relationships
-  Strict anti-counterfeit processes
-  Competitive pricing with assured quality

OUR SOURCING CAPABILITIES

ADVANCED LOGISTICS & INVENTORY MANAGEMENT

We operate a fully equipped, ISO-compliant distribution ecosystem with world-class infrastructure.

-  Anti-Counterfeit Inspection
100% authentic inspection.
-  Rapid Global Fulfillment
Streamlined global logistics.
-  Climate-Controlled Storage
Optimal component storage.
-  Seamless Worldwide Shipping
Global reach, on-time delivery.

OUR PRODUCT PORTFOLIO

We offer a comprehensive range of electronic components sourced from trusted global manufacturers.

From prototypes to large-scale production, we deliver quality, reliability, and performance across every category.

DISTRIBUTION PRODUCT INTRODUCTION

Micro-Controller

High-performance MCUs for diverse applications.

Hall Sensor & IC's

Precision sensors & ICs for accurate detection.

Buzzer

Reliable audio indication solutions for all needs.

Electrolyte Capacitor

High-ripple, high-reliability capacitors.

Diodes & Mosfet's

Efficient power management & protection devices.

Connector's

Wide range of connectors for secure connections.

Box & Film Capacitor

Stable performance for power & signal circuits.

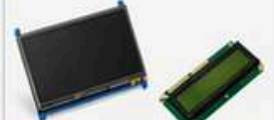

MLCC Capacitor

Compact, high-capacitance ceramic capacitors.

Power Capacitor

High energy storage for power systems.

LCD Display

Clear & reliable display solutions.

LED & 7-Segment

Indicators and displays for every application.

Shunt Resistor

Accurate current sensing resistors.

Inductor

Power inductors for efficient energy management.

MOV & NTC

Surge protection & thermal management.

IGBT Modules

High-power modules for industrial applications.

Crystal Oscillators

Stable timing solutions for precision circuits.

Resistor

Wide range of resistors for every requirement.

Relay

Electromechanical relays for reliable switching.

OUR GLOBAL PARTNERS

We collaborate with globally recognized manufacturers to deliver authentic, high-quality components and ensure a strong, reliable supply chain for our customers.
